Part two

"THE IMPRINTS IN THE CONSOLE LOOK LIKE RIGHT AND LEFT HANDS? earthfiles.com 1967 C+F+BRAILLE

"Yeah, and it does not matter how big your hand is because the hand spaces changed and molded right to my hand. The way the ship was piloted – the only thing that looks anything like it and I was astonished when I saw it – was a Disney movie about a little boy who gets inside a UFO and he puts his hand on this panel thing. The way the ship is piloted is that your hands go down on these two places. Your right hand is where all the control is.

The left hand can do some other aspects of control, but most is your right hand.

In other words, if you put your hands in there, your fingers go into kind of sockets, little indentations. You can move each finger independently or make a fist or undo the fist. The console imprints move with you very fluid-like, but that is what makes the disc go and you can't make it go unless it knows you."

" Zo told me that the ship was alive and it recognizes who is in there. The ship won't work unless it knows you. If you walked up outside the ship and put your hands at the right place, if it does not know you, the ship is not going to open up. The ship knows what is going on – it's keeping track of everything.

DID ZO TRY TO TEACH YOU HOW TO FLY THAT CRAFT?

"No, but I knew how because after a certain point, I was able to pull things out of his mind just like he was able to put things in my mind. I had already learned how to merge with him and pull all his information into my mind. Zo was not upset with that at all. He thought that was great."¹

You walk inside the area on this particular craft, which was circular, and probably 20 feet across. And inside, one part of it had a pretty high ceiling because I could not reach up and touch it. But going up there were some sort of supports, but not like grid work. It was more like beams that move out of the ceiling and into the walls. Then there was something at the very top that flattened off. It doesn't come up like a dome on the top. It comes up and flattens off."²

Skin of Craft Can Become Transparent

ever seen those puzzling "clear" circles in the clouds

"That was where the person would be looking outside because they showed me how they turned the walls clear and it was incredible. Where there had been a window, that would disappear and become a solid wall. Then they could make the window reappear. They could do that to the floor.

SO THE OPAQUENESS OF A SILVER DISC, FOR EXAMPLE, COULD BE MADE COMPLETELY TRANSPARENT TO THE ENVIRONMENT?

"Yes, it seemed to be.

THAT'S WHAT TRAVIS WALTON DESCRIBED AS WELL.³ [Apache-Sitgreaves National Forest near Heber, Arizona, November 5, 1975. See **The Walton Experience** © 1978 by Travis Walton.] earthfiles.com

Tn light of what we have been learning throughout these texts, the first knee-jerk reaction might be this: "oh, this Zo must be one of the same which visited Adamski and Meier" in other words – those good lookin' fallen angels formerly from the Pleiades. Problem being that Zo turned up in a *cigar type* craft – which we have learned is the same or similar to the child-abductee craft. C+F+ZEPPELIN or CIGAR

Then we go on to learn that The Tau Ceti 3 (according to *Interview With William*) had boarded and overtaken at least one CIGAR CRAFT (see [Ileana's](#) report in ANDROGYNE DOREAN part One) and were using it. C+F+ILEANA

At this stage, if I were the reader – I would keep my cards close to the heart and brain and wait for more evidence.

If you want a copy of the earthfiles "*Interview With William*" articles, just ask me. At no cost.

It is ALL for the purposes of educating oneself. (See the pdf forum 29 *NORDICS* – which has become 30 since published)

Many things he was told, mainly with the expected timing of events – have not yet transpired.

We might consider several reasons for these events not coming true as told to "William". One of which is the Mandela Effect. The altering of time lines to suit various entities' agendas. Those (fallen-ones) visitors of Meier also said things which have not eventuated – and the things *they* said were to happen decades *before* the Mandela Effect.

¹ One cannot imagine a reptilian based reptilian-bred entity thinking it "was great" that "William" was reading its mind.

² The Vrill craft possess this attribute, not saying that others do not. It could be that all off world scout craft do. but it's not

³ The primary feature about the Walton case is that he was returned *alive* - and able to tell what he experienced

⁴ The detail repeating "like what you see in the NASA shots" refers to the Earth being a sphere. This was back in 1967.

⁵ In the Template there is a craft described as "DORY" which is a flat fish. Could also be described as "pancake".

" YOU WERE SEEING THE EARTH RECEDING BELOW THE TRANSPARENT FLOOR? no mention of a flat Earth

Many of you may have seen or heard of huge transparent circular "holes" in amongst thick cloud cover. Termed "sky crop circles"

Yeah, and quickly until we got to a point where we were way above the Earth – **kind of like what you see in the NASA shots with the space shuttle**. I could see this thin... – I know now it was the Earth's atmosphere - but I remember seeing the thin, blue line and we went in a direction. Zo said we were going into darkness and we went into darkness on the dark side of the Earth." ⁴

DID YOU HAVE ANY INFORMATION ABOUT ZO BEING FROM ANOTHER SOLAR SYSTEM IN THIS GALAXY? OR WAS HE A TIME TRAVELER?

I never had a sense that he was a time traveler, but he certainly seemed to know a lot about the future because of the things they were intent on showing me after this flight experience. First, they showed me the flight and then on the next visit, **Zo came in a different ship.***

WHAT DID THAT NEXT CRAFT LOOK LIKE?

Instead of a flying saucer, it looked more like a big, thick, flat, flying pancake. ⁵ And thick at the center.

WAS IT LIKE A COIN SEEN FROM THE SIDE?

It was like that, maybe 12 feet tall.

HOW DID YOU ENTER THE PANCAKE CRAFT?

Same way. But after it landed, I was walking around looking at it thinking, 'Oh, great, what if this is not Zo.' I got worried that it might be somebody else inside who wouldn't care about me. Zo told me **there were visitors who were not friendly to humans** on this world. So, I took off running and I heard in my mind, 'Stop! This is Zo!' "

○ *** Zo came in a different ship.**

There is always the chance that the Copiests did follow thru in the visits of Zo, pretending to be him, in just the same way that the apostle-disciples of Immanuel were fooled by a copy. When handing out titles (such as "Ra", or "Jesu christos" – the Copiests excel), especially with humans who could not possibly imagine it is feasible *to have almost perfect copies* of one person appear on que. Sometimes I wonder if that might even be the reason I have very recognizable scars on every corner of the body I inhabit. That thought came to me *as a result of publishing a pdf which had four different sources saying the same thing*: events which revolved around one of the "STAIRUWAY TO AIRUWAY" "pickups" (the event where Da Vinci was questioning, pointing at me, asking was it me who had found his "cues"): **in which a reader (rightly so) asked how I could be sure it was the original me that had been returned!** By such query, passing doubt on the veracity that it was the "good ones" who had picked me up^{March 20 2017} and not the Copiests. Yet, what would be the point of a charade using a copied Da Vinci displaying his doubt regarding someone having found his "cues"?

Ephesians 6:12 "For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places."

Eph. 6:12 is one reason in which that reader (rightly so) asked how I could be sure. We should ALL be asking these questions – ALL the time when it comes to "powers" we have placed above our own.

Keeping in mind the date of 1933 – the date of the first "treaties" trading in stranger sciences - how all weird new technology seems to mysteriously appear; being fed to us piecemeal thereafter. The ordinary folk do not receive benefit of any of this new technology until newer replaces the older. This means the folk can be up to ten to thirty years *behind in the understanding* and functional use of alien technologies. Especially genetically

Reptilian Genesis video - The Original Super Soldier Creation of the Nephilim by Carolyn Hamlett Saturday, July 11 2015
<http://beyondthephysical.blogspot.com.au/2015/07/reptilian-genesis-original-super.html?m=1>

This video has many merits but is written without benefit of these texts, in which we have learned that it is not the Nephilim which do any "creating" since they are the **result of** genetic meddling. The other main topic of contention is her dependency on the bible/s without taking into account that they **are all edited with agendas** – beginning with the King James VERSION.

THE WORD *DOREAN* has two possible interpretations. The first meaning from *D'OR* as "golden [one]" & the second as the owners of the *DORY* craft. This word is mentioned 32 times in the Template. (So "gilded" craft & or "flat fish" like)

Footage shows a UFO that fired some sort of energy weapon – Minnesota 2:49

The bright one in this video is the GoldenCube of the Elohim Alliances (for the Living Library).

When looked at it thru a telescope it is clear to see it is a cube composed of hundreds of smaller very bright cubes.

I could not see who was shooting at whom. The other seems to be the Copiests' black cube.

Those which have been running the western hemisphere have been shooting the "goodies" out of the skies since at least 1864.

GLASSFUL PENSIONER PROOFREADER NELL PARKS FINDS SOULFUL TABLES AROUSING SINGULAR ENGINEERED GAINS

- o GLASSFUL = optimistic. TABLES ENGINEERED UNIQUE GAINS but they had to be found first, and only found once Allan Webber had decided anagrams do contain meaning (ENGINEERED) then only after they had been produced as a TABLE (the Template) then only after pertinent lines in that Template had been paired and collated to provide the meaningful guidance. One good example was the finding of the number code to use, that of the publication date for ZERO. This collection appears in the intro to the two pdf forums of ALLAN WEBBERS TEMPLATE. The Triple Code itself was finally gathered by Nell Parks on reading Lettre #32 (in December 2012) in which NostraDamus is telling his friend about the Triple Method. Which, as we can see, is NOT a tripod but IS based on a three footed foundation. Each of the three "feet" has three "feet" of its own to gain the entire full ciphers. It was Allan Webber who discovered two of the cipher bases - that of the Runic Skies & that of the 458 Jain number code. The Celtic Clues, the Celtic Tree Zodiac, the Alchemye List of keywords, the Table of "left-over" letters, the use of the Very Original of the publications, the research of the Bibliography guided from within the Texts:- all provided the Triple Method to the collator.

3 94 For five hundred years more one will keep count of it (him) Who/which was the ornament of its (his) time

Jain published in 458, just on a hundred years before NostraDamus published.

By adding 458 to 1555 (the year of publication of the first quatrains), [the "it"], the result is 2013. then it goes on to say:

Suddenly it(he, the ornament) will give great light - and it was! Beginning in 2013, his Triple Method having been found

VISION BENIGN-NESS LOST** genetically manipulated food is depleted of goodness in order to keep us all feeling unwell and not thinking properly, especially the bad sugars and bad oils of which margarine & Canola are near the top of the list. Margarine is causing cataracts and loss of vision, but I think this means loss of imagination too, which comes with a clear mind. This is part of the destruction of the artistic/creative mind, a thing the establishment feel you have no need of. A good article worth reading is **KILLER IN THE CUPBOARD**. Almost every pre-packed food I pick up in the shops has a form of M.S.G in it, usually termed as "yeast" which is what it is. The main thrust of this line speaks of vegetables, especially root veges, being transformed from what they should be to what they should not be. A good example is the splicing of spider web DNA into potato DNA to gain shelf life.

At the extreme west of this region is the Giants' Base under Bucegi/Caucus where negative off worlders have gained a footing. This is what the huge earthquake under Nepal was about - an underground star wars. Although the template has no hint of Agharian-Argarta - (Allan programmed the template not aware of names of off worlders) - it is on record that such things called Naga dwell under the extreme east of Tibet-Nepal-Altai. To get answers about the reason for aborting plans against the Fox, will need spotting these names in my own directives.
- o CRAFTED AIR, (ARROGANT FOR PROFIT) goes with the DEFOLIATION AGENDA - which words are within the line. Believe it or not - they plan to sell you AIR so that joke about "next thing they will be taxing our air" : is not a joke. And you are letting them spread chemtrails - all part of the DEFOLIATION program. There is an entire collection of lines from the Template which make a pdf titled AIR, TREES & DEFOLIATION which got started nearly ten years ago but had been placed way back in the queue. Do you see how one will never ever escape their slavery paradigm?
- o OLD DIM ARM PATROL the Seraphim in the Black Knight/s ORBITING POLE TO POLE. these words are here as well, with DIM-DIMMED meaning not easily seen. These are the true Watchers - not the SAAME of Penre!

- NINE-SET = group LESS other than the unholy six equals a triad, the same under Antarctica. Fallen Ones from Pleiades, those "sexual rogues" from Aldebaran and Oannes from Sirius B. This triad has the shape-shifting interference running the U.N.

UUAX'D grown UUEAQ. LITTLE BEAR BELIAL BRAILLE-ALBI RETURNED, ENTER UNDER TIBER

- LITTLE BEAR is Ursa Minor – said to be one of the greater dangers to Earth both in all the texts and in many vignettes
- BELIAL = devilish ALBI = white greys, could mean Grayles (UNDER) but certainly meaning the genetic splicers – such as the evidence showed in the giant's base under Bucegi. (watch Peter Moon's videos). Other albi greys are those which "float".
- TRIAD is a term which appears everywhere. Usually refers to the "other three" in the Off World "treaties". The "Nordic" (fallen ones), a shape shifter from the Orion Group (probably an Oannes of Sirius) and those of Aldebaran "thick trunked" and "sexual rogues". All from under Antarctica. These perform the "semi lobotomy" we see on people of influence, yet we ignore that detail. However, Bob Dean mentioned to ProjectCamelot there is a "triad" composed of the N.R.O., Military Industrial Complex and the N.S.A. (NASA). If it has the word "Nation" in it, it is run by Off Worlders. To me, National Reconnaissance Office and National Security Agencies seem to be the same thing, but they are not. The "Agencies" include all the Acronym (Alphabet Groups). All of them.

UUAQES TIBER SITES XVII16 = 2016 from Allan Webber's Template of the Quatrans – finished in 2008, when he handed them to me

- The naming of "UNDER TIBER" is highly relevant, and waking the giants there has also proven eventful – see "redline" and Kandahar Giants in other pdf forums. The very reason gubberment wants you to go on to the Ancestry web sites and freely give your DNA is the Devil asking permission to "be let in", not just when you ask, but includes all your relatives whose DNA you share.

This is the real reason truly good people like Dick Smith, refused, when asked to run for the office of Prime Minister.

Here is the Big Plan for the introduction of the "money system": onto a planet where no one before had to pay to exist. This is why the likes of Michael Tellinger's Ubuntu ideals were squashed and kept out of public enquiry. It is also the agenda of certain entity-persons to insist you will "be safer in the cities"; when nothing could be further from the truth. People forget (and it is NEVER mentioned in shows which purport the "Top 100 most important inventions" that the REFRIGERATOR has been the number ONE TOP MOST IMPORTANT INVENTION for humanity. It is the very reason Ubuntu principle (the Community) became dissolved. Without refrigerators, community needed each other. Supplies were local, and people needed to walk to the baker and the butcher each day. We can blame the refrigerator for the construction of large cities! How many people do you know understand this? That simply by turning off the electricity grid they can herd you into F.E.M.A camps via your empty stomachs! Turning off the grid also closes your A.T.M. so just owning a generator, even a water driven one, does not mean you are safe. Water needs electricity to be pumped in cities

This almost **superhuman** figure is assisted by two colleagues, the "Mahatma" and the "Mahanga"... His realm, Saint-Yves explains, was transferred underground and concealed from the surface-dwellers at the start of the **KALI-YUGA**... Agartha has long enjoyed the benefits of a technology advanced far beyond our own: gas lighting, railways, AIR TRAVEL, and the like. Its government is the ideal one of "Synarchy" which the surface races have lost since the schism that broke the Universal Empire in the **fourth millennium BCE**... Now and then Agartha sends emissaries to the upper world, of which it has perfect knowledge. Not only the latest discoveries of modern man, but the whole wisdom of the ages is enshrined in its libraries engraved on stone in Vattanian characters..."

"The enemies of God and of the Divine Spirit in man will come. Those who take the hand of [SaLuSa] another shall also perish. The forgotten and pursued shall rise and hold the attention of the whole world. There will be fogs and storms. Bare mountains shall suddenly be covered with forests. Earthquakes will come...Millions will exchange the fetters of slavery and humiliation for hunger, disease and death.

The ancient roads will be covered with crowds wandering from one place to another. The greatest and most beautiful cities shall perish in fire...one, two, three... (three 'sleeping giants')

They will find a new life on the earth purified by the death of nations. In the fiftieth year only three great kingdoms will appear, which will exist happily seventy-one years. WEEDS = TARES

"In a Speech to the United Nations 42nd General Assembly on September 21 1987, President Ronald Reagan gave us a hint of this "Coming Race." See below:

"In our obsession with antagonisms of the moment, we often forget how much unites all the members of humanity. Perhaps **we need** some outside, universal threat to make us recognize this common bond. I occasionally think how quickly our differences worldwide would vanish if we were facing an alien threat from outside this world"

Many UFO researchers today believe Reagan's remarks were preparing us for a direct threat from outer space, however, I beg to differ. My argument contends that Reagan's speech was referring to the "coming race" prophecy foretold by the 'King of the World' himself in 1890!

So one must not be too hasty to think that an 'alien' strictly originates from light years away in the Universe A race **literally below our feet**, hidden below the Earth's surface, would **appear alien to us as well — our resident terrestrials.**" GREG JENNER . (See GANESH in the Dero-Tero forums)

Here's Inanna's Background.

Rulers of Nibiru and Earth pampered Inanna, who, as a child, was called Irnini.

Known in later years as Ishtar, Ashtoreth, Annutitum, Aphrodite, Athena, Venus, Eshdar, Ashtar Innin, Ninni, Kali and Shakti. Inanna was Commander Enlil's son's daughter-- a royal member of the Enlil Lineage!

"Inanna by her parents Nannar and Ningal was beloved. Enlil [Her Grandfather] by her cradle sat. Beautiful beyond describing she was, in martial arts with Anunnaki heros [Nibirans on Earth] she competed.

A skyship of her own, to roam Earth's skies, to her the Anunnaki presented." [The Lost Book of Enki, Sitchin, 2002 page 250] Inanna and brother Utu, twins of Nannar (Enlil's second son), were both Nibirans born on Earth."

If you have been following Ninurta/James Casbolt (the "brat") throughout these texts and his *MANNEQUIN A.I.*, you will see references to not only his period in South America as Ninurta (followed by periods he himself spent there as a sexual controlled child by the Aldebaran), but also details about his being locked away in one of the Saqqara tombs by his relatives. (1) the Vikrama era, begun 58 BC; (and how does this relate to the reason for Julius Caesar and his campaigns?)
(2) the Saka era, begun AD 78 (these two are the most commonly used); Coincides with events surrounding

Vesuvius and the Temple Destructions

(3) the Gupta era, begun AD 320; (coincides with the real reason Nicean Council culminating in the 324 and a half [325] convening)

(4) the Harsa era, begun *collator's italics* AD 606. All these were dated from some significant historical events.

(Coincides with 676 AD altering the medieval calends, manouvering for seventy years means nothing to them)

"Of more mythological interest is the **Kali era** (Kali being the latest and most decadent period in the system of the four Yugas), which is thought to have started either at dawn on February 18, **3102 BC**, or at midnight between February 17 and 18 in that year. Source for these quotes = HINDI CALENDAR, Encyc. Britt.

- **3102 BC:** - very close to Hancock's 3114BC (allowing for "recovery time") following the 3127BC Austrian asteroid event which wiped out Sodom and Gomorrha)

Marcia Schafer: Phoenix, Arizona, September 2008 Project Camelot Interview

" So, there's those major changes that are coming in that affect generations that could be an impetus for this.

As far as astronomy, we have what's called the end of the Kali Yuga. We're coming to the end of a major cycle.

And we do tend to forget that we're on a planet hurtling through space, that is moving.

We just tend to look out the window and see our car parked out there and traffic going by, or look at the four walls and see our immediate surroundings. But we're on a space vehicle. And we're moving, as if we were a boat in the ocean.

We're moving through space. And as a result of that, we are going through different areas, different zones that have different influences, just like, if we were on that ocean, and we were suddenly coming to a region that was characterized by great storm activity. And then we would get through it and go on to a region that may have calmer waters.

That's pretty much where we're at right now. And I think we're all feeling that effect. And, you know, it's a little bit of chaos.

But I think chaos can be a good thing, because otherwise, you'd just stay where you're at. And where we have been has not necessarily been that great in the past.

We have tremendous advantages that we haven't had, but at the same time, we're not paying attention to the full picture.

And we have to respect the entire cycle of life on this planet, and really pay attention to the extinction of species that is going on, the environmental decimation that's taking place.

And the human being has to really get its act together if they want to continue to be the leading harbinger on this planet of the species kingdom.

From the other Marcia:

Burisch and McDowell pledge to testify on behalf of Gary McKinnon regarding the truth of what he found.

"[Gary McKinnon]...who claims he saw evidence that the United States Government and Orions are in a joint orbital fleet, awaiting a possible worldwide catastrophe." -- Eagles Disobey Forum 15 August 2008

Gary stated in our interview that he found evidence of "non terrestrial officers, and off-world fleet to fleet transfers."

Eagles Disobey Forum post by Marcia McDowell (scroll down) Gary McKinnon.

Gary's case they do NOT yet, to my knowledge have any indication of where they plan to send him. This could be an indicator that may make arguing the case more difficult for Gary's side. And efforts to contact Majestic via DB may have moved the timeline because they (the PTB) are afraid we might gather more evidence and a following for Gary **that would force the secret space program** into the public arena. Because of this, they may be escalating matters. But I want to stress that the evidence Gary found for the secret space program is likely his only TRUMP CARD. If he doesn't play it then the Americans may be able to simply promise not to torture him... "

Bob Dean: September 2008 interview with ProjectCamelot:

"Anyhow, I'm getting away with sharing bits and pieces and tidbits which intrigue me because I think somebody wants some of this out.

But the story I was going to share with you is that... In the National Reconnaissance Office, about, I guess four or five years now, they had for a number of years a series of satellites called the *Keyhole System*. Have you heard of it? They could supposedly read a postage stamp from space. Well, there were some intriguing questions being raised by a number of people about what was known as the *Ararat Anomaly*.

And so, the guys in the NRO took their Keyhole system and focused on the Ararat Anomaly, which is, you know, a puzzle. Well, when the word got out, when the pictures were finally down-loaded and they computerized and enhanced them and cleaned them up, and they put them on the wall or they broadcast them on the wall there at NRO, the remarks went something like this -- and these are actual quotes: *Jesus Christ, it's a god-damn boat! Christ! It's a big boat!* Why would something like that be so highly classified that it is way above top secret?

Why would the discovery of a *boat* on Mount Ararat be classified so far above, you know... anything?

Anyhow, the story comes out. The reason they classified it is because, after they discovered that it is a god-damn boat, a *big* god-damn boat, they inserted a team of SEALs on the site. They inserted them onto the scene and these guys spent several days in this god-damn boat. And then they extracted them by helicopters.

And when they extracted them, the guys brought with them some "anomalous artifacts" which have never been described or named. But those anomalous artifacts is what led to this whole thing being classified not only Top Secret, but the way the hell above. And that's a little bit of information that's come out via the network of the Old Boys. And it's survived all these years. (That there were TWO craft found, one high near the top)

The question, how many years? You know... when was the flood?

The last rumor I heard had that it was 12,000 years ago: 10,500 BC. [The sinking of Atlantis] A PassOver of Nemesis

KC: What year was this when the SEALs were sent in? (About 2003 Dean answered).

No mention of CIA taking evidence in 1991. But that is how technological secrets operate so far as the public goes.

images above and below taken within minutes apart June 3rd 2018.

The white thing on the right is the downpipe I was resting my camera-phone against. **These are Golden Cubes over my farm.** **Above:** situated almost in the west. The image below is another Golden Cube very high up, high enough for my daughter to argue it is Jupiter, yet it can be seen to be a cube. See the cloaked object to its left? This was a crystal clear night to the eye. Can you see the cut off effect at its end? Straight across. These were *towards* the east but closer to the highest meridian. Enlarge the page to see the object.

Above: Slovenia May 2018.

Notice the broad band of reddishness that encompasses both the lightning and this crafts arrival event.

The craft seems to be a cylindrical type, but could be almost any type seen side-edge-on

This style of arrival is done for stealth reasons, be it to prevent attracting attention from other off worlders, or the military. These visitors have used time dimensions to arrive this way. Thus, are extra-dimensionals.

I wish I knew how to "fiddle" with photographs so that you can see the almost perpendicular object. You will not be able to copy it in order to enlarge because I have been encrypting the pdfs.

The object looks like some sort of chemtrail – except it is in outer space and sharply truncated. Standing taking this shot with the *other* Golden Cube at my back (making them "peripheral" to the farm),⁶³⁵¹ I couldn't help feeling it was some kind of residue from some sort of "protection" (or quite the opposite).

An answer did come regarding this anomaly. Under the word "**HAG**" because up close the truncated end is surrounded by a group of small craft which gave it the appearance of a hag fish. According to the texts they are "bending light".^{223C+F} HAG

Da Vinci's "FLOWERLETS"

Once one recognizes these for what they are - one will see them everywhere in ancient art, especially statues such as the "Temple Dog/Lion" with its paw sitting on top of a globe completely carved with "flowerlets".

These same temples show the "flower bell" which is nothing less than the "die glöcken", a time machine.

A diagonal cross seen at left is also needed for controlling magnetic fields and can be seen on a page in the Voynich Documents

RECORDER = cymatics

Above is the much desired "pheon" cross as a cymatic. The frequency which produces this is the same needed for controlling magnetic fields shown on all haomas. That is, the Ring Lord such as Mazuda/Zoro.aster the Gheber. The combination of a pheon and a diagonal cross is shown at the same time within the Maltese cross.

And here it is in the Voynich Manuscript with the two cymatic sonic frequencies depictions needed for dimension travel

In the late 1800's a patent was gained in N. America that used light and sound to completely eliminate cancer. The Patent holder was driven out of business. It is a felony to build the machine, and IF you can get your hands on the blue prints, I can PROMISE you that one of the alphabet soup agencies will show up to relieve you of your birthday.

The idea came to this inventor when he saw the effect of certain stained glass windows on worshippers who were being hit with sunlight that came through the stained glass, and were singing certain notes.

The stained glass windows were replaced with glass that has similar optical properties, but achieves very different results than what the original glass was able to produce.

The glass was manufactured by members of the Knights Templar. The Vatica had help getting rid of this glass. The formula for this glass is held by the same nefarious people I told you about that manipulate time and frequencies.

And I am NOT suicidal, so if I show up dead somewhere, i didn't kill me. OK????"

Letter to me **July 20 2011** from S.C. ~ a Special Contact, and Friend as it turned out.

A note he sent February 2 2011: " Oh my g_d. In my lifetime, and i have proof, I've had blood types of ABO, AB-, A+, and, lately, A-. Does this make me a shapeshifter? "

"We were looking at a demonstration of some very sophisticated, military grade cameras that see beyond **the human spectrum**. Tuned to a **certain frequency**, it can see the tire tracks from when we pulled into the parking lot 6 hours earlier. It could see where each individual had walked during the day, and determine the shoe size and **general weight of the person**.

Then he switched it to the more mundane infrared sensors. That runs off of present heat.

But it was several times more sensitive than what is available to civilians. We could see where one of our technicians had placed his hand on a car over an hour ago. We could see the butt print of our receptionist from where she had leaned on the same car earlier in the day.

We could see the exact temperature of a soda can, a cup of coffee, humans, etc. We could see where a cup of coffee had been sitting on a brick wall an hour ago. After all this seeing, several people, including my boss (The Owner), came out of the building with several co-workers.

Every single one of them glowed a very bright normal body temperature. (And by the way, these cameras can see very explicit detail **without using radiation at all, so those Air Port things are just Kill Machines**).

As I was saying, everyone was glowing a bright normal human temperature.

Except for my Boss. He had no heat signature. He was carrying a cup of coffee that glowed very brightly, but **he had NO HEAT SIGNATURE.**

I am still trying to figure that one out. And I have 5 witnesses to this event." Date: Tue, 13 Dec 2011 07:18:33

"Presently, the greatest threat to our global well being is not the "United Intruder Resistance" (U.I.R.) itself, but rather our **AMNESIA** and resulting ignorance as to how to handle ourselves effectively. If we all sit around and wait for the "First Contact Mass Landing" to occur, to 'prove' to us that our ET visitors are real, by THEN, know it is too late to do anything other than seek out the nearest Guardian evacuation team. If the First Mass Contact drama does take place, as the UIR presently intends - they will have already gained full control of EA'rth's portal systems, and will be able to **initiate poleshift precisely**

remaining aware at all times that the NUMBERS 12 and 24 are Anakim base numbers.

The word LUX which we see so frequently in the Template of the Hidden Texts means: Frequency of Light

Wilcock went on to emulate this information in part, quoting the UIR and presenting a photo of a genial looking "ten foot Aukrij" / Aukree... from "the Pleiades" when we have learned (from many sources) real Pleiadians cannot be in human vicinity neither physically nor psychic-ally. Our DNA halo damages theirs

"The biblical dietary laws are very specific as to why certain meats are forbidden, and why you should avoid eating the blood of animals entirely. The Bible says that the Life (Spirit Force) is in the blood. Whatever influence that spirit force was under is now part of your life. Cold blooded animals do not suffer this malady."

Yet Halal killing forces the eating of blood, and it is adrenal tainted blood at that...

Iridium Satellites became a new source of UFO Reports:

"I was looking at the sky when I noticed this light hanging in the sky that got brighter and brighter. I knew it wasn't an
airplane because there were no red lights. Just a single, round bright light that got incredibly brighter, like a star exploding.
It couldn't have been anything from this planet."

Well, yes, it could have been.

A constellation of commercial communication satellites has become the latest nuisance to UFO-spotters, not to mention
astronomers all over the world.

Iridium LLC, an international consortium based in Washington, D.C., has been launching satellites into 780 km (485 mi.)
high pole-to-pole orbits. *

The satellites will provide a global telephone network."

* STRANGE. NASA says we are unable to 'do' pole-to-pole orbits which is what makes the Black Knight/s unique.

There were two reasons for showing you this excerpt - the first being the NASA contradiction and the other being
the howling from flat-earthers saying there are no satellites in orbit. (Apart from nano satellites)

It is my understanding this is what the Shuttles were doing.

"This backdating of 15 years takes us to [I]697, which marked the end of the Mayan Kingdom. The Mayan King Pacal of
Voltan was known for his prophecies and was known for his knowledge of numbers. Pacal of Voltan speaks about the end
of the world on December 21, 2012, a year which many believe is the year of the apocalypse.

BUT WE ARE NOT IN THE YEAR WE THINK WE ARE - @ 2012 = I336. 2018 = I342. VOLTAR WAS THE NAME OF A
"VISITOR" TO BRIAN SCOTT earthfiles.com THERE ARE STILL 670+ YEARS FOR THE REAL 2012 AT '2018'/I342

Brian Scott, in his book 'Transformation of a Common Man - on page 383 states that his contact 'Voltar' comes from
Epsilon (the "footstool of Orion") in Eridanus, the fifth brightest star.

He also states that this constellation was important to the civilization of Sumer in Mesopotamia. The most ancient town in
Sumer is Eridu - built about 5,000 B.C. Eridu is located about 196 miles southeast of Baghdad, Iraq.

Historically, Eridu, the first city mentioned, is the city of the water god Enki/Ea (one of the top three deities in the Sumerian
pantheon). It is situated in the extreme south of Mesopotamia near the sea or a lagoon. It is said that the 'principle of
agriculture' was revealed by a 'god' to the first king of Eridu: Emmeduranki.

(Eridu meaning "home away from home")

ERIDU

The Eridu Genesis is a Sumerian text. It covers the creation of the world, invention of cities and the flood. After the universe was created out of the *chaos of the sea*, the [gods evolved](#) and they in turn created mankind to farm, to herd and to worship them.

From Zechariah Sitchin's book *'The Cosmic Code'*, we find on page 42, "There was a time, the Sumerians told, when civilized Man was not yet on Earth, when animals were only wild and undomesticated and crops were not yet cultivated. At that long-ago time there arrived on Earth a group of fifty Anunnaki. Led by a leader whose name was E'A. (meaning "whose home in water"), they journeyed from their home planet NIBIRU ("Planet of crossing") and reaching Earth, splashed down in the waters of the Persian Gulf. A text known to scholars as the 'myth' of E'A and the Earth describes how that group waded ashore, finding themselves in a marshland.

(The Clay Tablets of EnKi need to be read for more detail about "wading to shore")

Their first task was to drain the marshes, clear river channels, check out food sources (found *to be fish and fowl*). They then began to make bricks from the clay of the soil and established the first ever settlement on Earth by extra-terrestrials.

(the first settlement following the destruction during the latest passing over of the Nemesis system)

They named the habitat ERIDU, which meant "Home in the Faraway" or "Home away from home."

That name is the origin of the name "earth" in some of the oldest languages. The time: 445,000 years ago.

The astronauts mission was to obtain gold by extracting it from the waters of the gulf - gold needed for survival on Nibiru; for there the planet [was losing its atmosphere](#) and thus also its internal heat, slowly endangering continued life on Nibiru. But the plan proved unworkable, and the leaders back home decided that gold could be obtained only the hard way - by mining it where it was in abundance, in southeastern Africa.

The new plan called for a substantial increase in the number of Anunnaki on Earth, and in time they numbered six hundred. Eventually, the workers got tired of the backbreaking labor and they revolted. That was when Man was created - to do the hard labor.

3 Presidents & Their Annunaki Overlord Meet In Africa

It was the comment in response that article which attracted my attention

" Recently, Barack Obama, George Bush and Bill Clinton took a trip to Africa, and all at the [same time!](#) What were they REALLY doing there at the same time is the question that inquiring minds want to know. Well, the answer from Veteran's Today and [Preston James PhD](#) might just surprise and maybe even shock you! Were the three most recent presidents secretly meeting with their Annunaki Overlord 'Marduk' as shared in this story, a story whose source is someone with very high connections in the intelligence field who is nearly always spot on?"

"You and John "disinfo" rolls are on a "roll" today with your weirdo alien stuff.

OK, for your edification MJ12 was a "project to set up the bogus alien invasion to scare the sheep into globalizing" as was recommended in the **1966 Iron Mountain report** and exposed by an Ex-Navy intel officer named Bill Cooper who was killed for doing so. His disclosures were mucking up their carefully laid out plans. On top of all that, the US spent the star wars money on **building a UFO fleet in space with a mother ship the size of an aircraft carrier.**

All the scientists that worked on that project who were going to disclose what they were doing, were also killed.

Stay with me here..... the space "division" of the US was placed **under the Navy** and its why navy brass were purged from the pentagon so the perverted powers that be could pull off their badly designed and patently **bugus scheme to be the aliens** we are suppose to be intimidated by and afraid of because of their dark demon powers.

So afraid that we would give up our soveignty. LOL

Like all the other false flags the Rothschild Zionists have pulled off, this one is the worst and its what happens when you lack a soul, then you lack credible creativity and are stuck with your mundane and uncreative insane meandering. Heck, I could have come up with some thing far superior to this in a lot less time. WE DON'T BUY IT. **If we are invaded, it will be by our own space division, and the Plum Island creatures they have created. There is a whole blog on that.**

Google Vatic project – Jesse Ventura – Plum Island read the vatic note about the **experimental alien type creature found** dead on shore across from Plum Island, it was large, with long fingers, so watch for those two traits and see if I am not right.

Stafford county was going to do an autopsy on the body to find out what killed it and we never got to find out.

I think it was another perverted zionist experiment gone wrong. That was several years ago, so I am sure they have fixed the problem and have enough aliens to take care of the job. "

Did Father Ernetti actual have a machine that could see back into the depths of time?
(Copyright Lee Krystek, 2009)

The Missing Time Machine

An eccentric priest claimed he had a machine that could see into the past. Really or fancy?

In his little 12 by 12 foot monastic cell Father Pellegrino Ernetti greeted Father Francois Brune one afternoon in the early 1960's. The two men had just met for the first time the day before during a ferry ride across Venice's Grand Canal. During their short conversation, Father Ernetti had said something that stuck in Father Brune's mind. The two, who were both experts on ancient languages, were talking about scriptural interpretation when Father Ernetti remarked that there existed a machine that could easily answer all their questions.

Father Brune was puzzled about what kind of machine could do such a thing and resolved to bring it up again with Father Ernetti in that day's meeting. When asked about it, Father Ernetti described a device he called a "chronovisor" that looked a bit like a television. Instead of receiving broadcasts from local transmission stations, however, the chronovisor could tune into the past to allow the viewer to see and hear events that had occurred years or even centuries earlier. Father Ernetti told Brune that the machine worked by detecting all the sights and sounds that humanity had made that still floated through space. Father Brune wanted to know if Father Ernetti and his collaborators had been able to see the crucifixion of Christ. Ernetti replied, "We saw everything. The agony in the garden, the betrayal of Judas, the trial - Calvary."

Father Ernetti's Chronovisor : *The Creation and Disappearance of the World's First Time Machine* by Peter Krassa, New Paradigm Books, 2000.

(Keeping In mind that this crucifixion was all a charade by the Copiests to manipulate our belief system. This interesting article goes on to describe the team which was compiled to make this chronovisor. Amongst them was Enrico Fermi, Father Agostino Gemelli a specialists in Gregorian Chants and VVernher Von Braun),

" In the wrong hands, Ernetti said, it could create the "most fearsome dictatorship the world has ever seen."

Which is WHY the Templars had it buried under Oak Island - and were murdered in order to keep the secret.

Not very successfully kept, this is the secret of 7 73 1 *Maintaining the Anubis Seat to manipulate profits.*

"12 Aug 1899 every day of my work are multiplying very strange facts. The gospel story appears in an entirely new light. However, I do not trust anyone, not even my diary.

23 Oct 1899, I wish I was dead this morning. For the collections entrusted to me, I found many documents saying that **the story of the Savior [was] invented from beginning to end!**

† INQUISITIVE PEOPLE SHOULD BE ASKING

WHY is this "I" (†) appearing like a cross. Not just ANY cross, but the one represented to all of us as that of the Crucifixion. The "I" of Immanuel which is also the "J" of Jesus. The Prefix for calendars up until 1676, the Prefix which was a "cross" χ prefixing some country's calendars, such as areas of what we now call Russia. Just another consequential collateral damage (controlled damage) resulting from keeping the masses unlearned by not allowing them to learn to read or write, and just in case one of them ever did, being preached to in archaic Latin. Who, of these unread masses, was going to recognize the letter "I" becoming a number "1"? This type of obfuscation is happening right now - right under our noses, via the mis-education "system". Billy Meier also mentioned how Malona/Phaeton was destroyed in [Contact Report 251](#):

C+F+PHAETON in the Template

Malona, or rather **Phaeton**, was destroyed in fratricidal wars by its genetically-manipulated inhabitants who had originally come from the Sirius regions, and who blew up the planet by diverting parts of an ocean into the subterranean or underwater magma chambers of a gigantic volcano.

Also mentioned in [Contact Report 251](#) is how the inhabitants of Malona/Phaeton constructed cities, **pyramids**, stations and other things:

Upon leaving the Sirius regions, the other genetically-manipulated peoples found a way to the SOL System, where several thousands of rebellious genetically-manipulated people had previously been **banished (BY WHOM?)** to a myriad of terrestrial locations as a punishment." http://www.futureofmankind.co.uk/Billy_Meier/Malona

Spotted this in the margin of the video linked underneath here. I have not yet watched it, but the number "82" caught my eye simply because (out of the Template of Hidden Texts) there are 84 Off Worlders named.

The added "2" are the Andromeda Council (which has inmates named in the 82) and the Elohim Alliances, whose members are also named within the 82. There are 20 in the Elohim, with a PDF forum titled *The Elohim in Alphabetical* order describing them.

to find this video, copy and paste:

C+F+ANOTHER

There are several things about these, one of which disturbs me. The numbers involve 3, 5, 6, 8, 9 and 12. Trying not to obsess about the 12 (after all – there *are* 12 Centuries, and EnKi-E'Ya *was* once an anu). Returning them to a 3D image tells us that these are the dodecahedral Therses. The one on the right is the exact same one as that which Leonardo painted into the Last Supper. As a 2D image it shows a cube that "looks like" a star. The illumination field surrounding it is what causes it to appear spherical to the naked eye. This is easily seen through even the cheapest of telescopes. The picture on the left in 2D shows a cube, with the same round illumination surrounding it (texts describe it as LUX). A physicist might find better descriptions regarding the loops & coils being formed by fields, but the diamond shaped objects leave me none the wiser. I wonder if they are related to the "Adamantine" which points to silica? Maybe not. The very next day after writing this, a *contactee* on Fb posted something which fits. I have not asked this person for permission to publish their name yet, but the Group we are in is [REPTILIANS ALIENS DISCLOSURE](#); where he posted it.

I asked him what does "bindu" mean. You can see the reason for my question since there is a "bindu" in each of these crop circles, or rather, six of them. (I should have asked him what the "ha" means too.)

His answer was:

[Helen Parks](#) the aliens used it to translate egyption to alien languages.

So, does it mean "translate this"? Or – just "translate" which by definition means turning one thing into another – usually of the same genre, like language, or in geological terms, earth moving.

Thus, "moving one thing across into another."

That would be an apt definition for a "Therses".

Looking at those "bindu" in the cropcircles – what are they doing? – they are *moving*... from one state to another.

Another thing which disturbs me about the one on the right – its outline forms a star of David, which represents more than the public comprehends. Including me. It may be that the Star of David represents a Therses! What do we know? **We know that Rothschilds "invented" the state of Israel in 1948.**

We now know this family was 'bred' up in many ways to operate for and on behalf of certain off worlders. The same which are slowly destroying our planet in such a manner that none of us has yet acted on, nor done anything about it. We now know the "elite" are using time lines to "manipulate profits". See 7 73 1 and C+F+ 'chronovisor'.

Refer to Andy Basagio; who as a child was utilized by the Military Industrial Complex (run by off worlders) in their new Aerial Reconaissance Chambers (A.R.C.) jump room experiments.

Often I wonder if Andy Basagio is actually aware that the technology he has become used to, is part of the 1933 F.D.R "treaties" between four parties which signed us all away? The cloned F.D.R. thinking the other three parties offering the so highly desired technology; were all true extra-terrestrials (which two had once been) but had come from Earth. Antarctica, formerly once known as LeMuria: of whom the inhabitants had battled fought and warred against Atlantis and of which we have been led to believe *were the victims* of the power hungry Atlanteans.

The only way we can judge them is by their actions. What they do, and what they are doing is displayed in the false clauses of the "Treaties". Where they had arranged the alteration of our Calendars in order to bring forward the dates they want to profit from. The worst of which is the stealing of children, part of which scenario to maintain their DNA via adenochrome found in the blood resulting from extreme fear and pain.

THIS is the very reason the elite do not want full disclosure – quite apart from keeping free enrgy to themselves since 1934, consequent to the 1933 Pact (or "PLAN 9" as Ed Woods tried to warn us). It is also the reason for the GREADA "Treaty" of clone Eisenhower, arranged at the end of 1951 & signed in 1954, in a smoke screen camouflaging the 1933 agreements signed between FDR, a Grey faction, a "Nordic"(fallen angel) and a Human shape shifted Oannes of Sirius all three of which came from under Antarctica. Noting that all three of these extraterrestrials are part of Orion Group.

At this juncture we all need to understand the misinformation which is cleverly infiltrated throughout – well, everywhere. Best exaple is Wikipedia.

For exactly the same reason NostraDamus hid his most intriguing works – the Sixaines – from view, knowing they would not be found until the times which need them the most: – Wikipedia is attempting to do the very same. Try as I might, I have not been successful in adding to their blog on NostraDamus, that there were *twelve* books of the Centuries. The illuminati-run Wikipedia does not want you to know what those extra two books of sixaines broadcast. Not just Wikipedia – but ALL illuminati run blogs, (like Wes Penre, or the Ashtar 'Command') in their attempt at controlled opposition. You will find the Gaia TV "information" likewise lacking in truth. Feeding the public only what the trendies expect to hear, or want to hear. (You watch Wikipedia now, they will add that 'edit' to falsify me.) Have you yet heard any of the here-mentioned bloggers speak of treaties which depend on our altered calendars to activate the false based agreements in exchange for technology? The very same that the elite were handed the next year after the first signing of the false treaties? If any of those aforesaid bloggers do ever speak of the Elohim – it is always to paint them in a negative light – same for E'Yah – but we NEVER get to hear of the jealous wrathful hatred of EnLil/YHWH out of their mouths!

The best weapon they seem to wield is that of falsifying dates. Noticeably when people do begin to mention the 'treaties' I have not yet heard *one say the term of each treaty is 9 years*. I have heard many *other lengths* of contract, but not the one named for us in these texts. TREATY 9 of 2014/1690. We have seen search engines naming F.D.R. signing E.T. agreements in 1933 (once easily found in search engines but becoming more difficult to do so)... and that date is confirmed from many various sources, those which have no axe to grind.

Thus - mathematically speaking - 2014 minus 1933 is 81. Treaty 9 (81 years after the first) ratified Nov 8 2014. If you have been following these hidden texts you will recall numerous lines which state the nine-year term. Best confirmed in the *Year of the Horse* pdf forum where all the years involved in the calendar alterations have been a year of the Horse. A coincidence almost as incredulous as the details in "What Are The Chances?". Prince Otto's i676, (year of the Horse) bringing forward the millenium of 1,000 A.D., (a year of the Horse), 2014 (a year of the Horse) being [in one calendar] 1690 (a year of the Horse). With two calendars having been changed, one having had 324½ years simply plucked out, removed and the other having had one thousand years tacked on, added by making the "i" ("I") or the "I" prefix into a number "1". The sum total difference being an extra 676 years. So, back in 2012 the real 2012 still had 676 years to go. Same with the Age of Aquarius.

(Just a thought, probably means nothing, 676 divided by 4 = 169.0)

We need to hark back to the detail provided to us relating to the Bentwaters-Rendlesham Forest incident. Begging a question which comes to an obsessive mind - what was Rendlesham really about? Apart from downloading into the mind of Jim Penniston untold amounts of code; what else could have a "pretend" crash of a Yod craft been truly doing? The answer in my [obsessive] mind is this. To bring attention to the incident itself.

Where else has this event been named, apart from earthfiles.com?

I, (the collator) have also received reams of columns of numbers. Five columns. Scrolled in my mind until I got a very bad headache.

In the Hidden Texts Template, the very one directly related to words in the Quatrains, in particular *PLUS OUTRE* which is *FURTHER BEYOND*. From which came the message in 6 70 2 After this, further beyond, doubted, feared, loved :

YES, BURN RED HOT (the Twin Towers) - **BOTHERED U** [heavenly] **YOD** ten **YEHU BRENTFORD** Rendlesham **BRETHREN FRYEND**.

BRENTFORD is generic, because other lines pointing to the same incident refer to it as "Pennington" or "Crabwood" and both these places are a stones throw from each other

We have not been taught in schools to observe what we see. Consequently a medieval painting is "just fine art" to us. Having *chrono-visors*, those in medieval times did try to send us warnings. The best and most enduring manner of these warnings to us was in their art, be it a painting, a wall relief or even in sculpture. Hidden in plain sight.

So when we are told certain dates by the *mis-informing* bloggers, we do have a need to discern, to dig out the real truths. It has been a hard road for me *to trust what these Hidden Texts tell us* when at almost every turn our modern "informers" have said in various forms of media - something quite different. Such as the lack of agreement between them about pole shifts and another~Best Example is the erstwhile age of the Giza pyramids, and that there were four of them.

We saw (twice) how the Orion Group has attached its "title" to many things, one of which being Google Earth.

Being the "ESTABLISHMENT" it is a rare archaeologist brave enough to be bucking the traces of their own income source and it is high kudos indeed to Robert Schoch who disturbed them so much when he dated the Sphinx pre-great wet times!

We have yet to see an archaeologist brave enough to publicly state that Giza was NOT BASED on the Orion constellation.

There has been an attempt or two to state Giza was based on Cygnus. Meaning those who came to this conclusion did so because they discovered that Orion's Belt does not quite fit the design. Cygnus does not fit properly either - leaving none of those thinkers - with enough dots to join - the idea that perhaps Giza was not where it is today. Their hint sits in the word "bennu" as in the Benu Caves. The word means "land in the south". Is that why the caves were renamed (in videos) as the "Cave of Bats" despite the many hundreds of mummified Ibis found there? Ibis aka Benu aka Crane aka Heron/Grus

It is also they which have tried to gain an authority by claiming the Giza plateau was theirs. Since they are infiltrators of the Masonic Lodges (the big "G") then it is they who govern (control) the "illuminati" and provide us with the perverted view of Everything We Think We Know. They do it via the likes of Wikipedia (and have the hide to ask us for "donations") The "scrambling of dates" given by the "establishment" has always been one way of tearing down one's story: his-story. It formats a lack of co-ordination between diverse facts, and this then becomes a contra-diction.

Certainly a "reader be aware" if that reader wants to know the reality of the subject.

It would not look very good in court would it: "oh sir, they changed the dates on me".

Abductees taken by Greys often say that the alien can impose feelings CRABHOLE Crabwood?

There were several really important crop messages at this location, including the infamous grey holding a binary coded disc in square format appeared August 2002 at Arcibo.

Purporting to be from Orion due to the three dots over its shoulder, thought to be the Orion's Belt.

What has *not* been made public at any great length was the *other* grey holding a disc in a "Sparsholt Hampshire" circular crop circle Aug. 15 2002 with two types of binary code. This is an Elder (published in the previous pdf forum pg 39).

See he is telling us he uses timegates (the wormhole) and over *his* shoulder is a very small star system.

The Orion Group (FreeMasons) will withhold any information regarding the "positive and nurturing off worlders" as far as they are able to do so. War and Destruction is the Agenda for the Orion Group, not loving information.

The decoded binary disc Hegelian "warning" of the "Orion grey" crop circle has been deciphered and published world-wide at great length. The other, The Elder's disc message and *vertical binary* message - crickets chirping.

Even when the Golden Cube first appeared in our skies. Knowing it was there and knowing Who they really were, and unable to do anything about the Appearance of the Golden Cube the FreeMasons simply told the world that the International Space Station would show "as the next brightest thing to Venus in the night skies" and all the sheeple including myself took that story on board.

" Survival could be directly linked to spiritual growth and keener perceptions of the unseen, not material acquisitions and technologies.

Survival is a reoccurring theme in the non-human phenomena - ours and the Others, whether extraterrestrial biological entities, time travelers, inter-dimensionals, angels, or a mixture of them all. Many in the abduction syndrome have said that whatever the aliens are and want, *we humans affect them, too*. Perhaps one truth was described by USAF Staff Sergeant James Penniston from his December 1980 RAF Bentwaters experience in England when he said the entities were time travelers on a grand mission to avoid extinction in a distant human future. Sgt. Penniston said the entities that landed in the Rendlesham Forest near Bentwaters "...

are us (from far in the future.) ... They need chromosomes.

... (They are using us) Like Band-Aids."

Part 5: Military Insiders Comment About Zeta Reticuli and EBENS

© 2007 by Linda Moulton Howe

"The Ebens set us in motion genetically and are watching us grow, like 'watching children grow' is the way it's been described to me. One of the Ebens said, 'We made you. We put you here. But you have to live it.' " - Military Insider

The sentiment described within the words : 'We made you. We put you here. But you have to live it.' "

may well be an obfuscation by the 'military', to mislead us. *These words would be the same which may come from an E.N.E. - (and not an 'EBEN' android) which the "military" did capture at one of the space craft crashes - and to which Dr. Dan Burisch communicated - the same E.N.E we have been learning in the Hidden Texts "volunteered to return in order to repair our timelines" - a very brave individual.*

As Linda Howe currently puts it: "a hall of mirrors with a floor of quicksand".

The reason "not an EBEN" is simple. The Zeta Reticuli Androgyne EBEN androids are hive minded, have no soul, no autonomous individual thoughts and are directive-driven.

Return to Part 1

September 16, 2007 Albuquerque, New Mexico - The government insiders I am calling "Sherman" also described seeing 3-dimensional, moving images of Jesus Christ in the Yellow Book. Further, the Ebens allegedly communicated "there really is a devil." I asked Sherman, "What role do you think Christ has played in all of this if it's true that the Ebens had a connection to His birth on this planet and are somehow involved with the recycling of souls?"

Christ in the Yellow Book

"The Yellow Book had Earth history, including the time of Christ, who the Yellow Book said was put here by the Ebens to teach humans about love and non-violence, but humans killed him anyway."

"Did you see Christ in the Yellow Book? Did you see Christ speaking at the Mount of Olives? Or was he being crucified?"

"Yes.

"The picture that I saw was after Christ was crucified and died and was ascending into heaven. It was beautiful, kind of an aurora ring over his head. These pictures moved. They were moving pictures."

"So you saw Christ moving up in the aurora light?"

"Right. And then there were people on the ground and the people were moving. It's kind of like when you were a kid and got the things that you put the round circles of pictures into and clicked it to see different images. But this had 3 dimensions and moved. The pictures only moved within the photo you were looking at. It's hard to explain. But I saw Christ and then I moved it and lost it to other pictures. There were big, *huge pillars* coming out of the ground like an earthquake. Then it showed the Earth and it showed a space vehicle."

"Was it a silver disc?"

"Yes, typical, every day flying saucer. It also showed a cigar shape, which is a mother ship farther out in space.

"if it's true that the Ebens had a connection

"to His birth on this planet
"to teach humans about love and non-violence
"but humans killed him anyway
"there really is a devil.
"was ascending into heaven
"typical, every day flying saucer
"also showed a cigar shape

Is There A Devil?

I asked Sherman, "Is there a devil out there somewhere?"

"There is an evil force. Even the Ebens talk about it. There is a Supreme Being and then there is what the Ebens refer to as an evil entity. The Ebens are as scared of that evil entity as we are of the devil, or Satan. I think it's the same."

"Where is the devil?"

"I don't know.

But what worries me is that if the Ebens are scared of the evil entity, I'm *damned scared* of it because the Ebens can control everything! They have been around this universe and done everything. And if they believe in the same Supreme Being that we call God, and they say there is an Evil One - **then there really is a Devil.**

"Sherman, some abductees also say that the main reason for the animal mutilations and human abductions has to do with the creation of a hybrid species. But no one knows whether the hybrids are supposed to replace the current Homo sapiens sapiens container model. There is a sense that whatever the non-humans are up to, it has something to do with survival - theirs and ours."

"Maybe. All I know is that the Ebens are supposed to have manipulated DNA in already-evolving primates long before humans were created. So, there must have been a series of experiments like Neanderthal before Cro-Magnon. And Neanderthal's gone. So who knows what's on the agenda for humans?"

A landmark study in the July 1997 scientific journal, Cell, reported that Neanderthal DNA is not linked to human DNA. Researchers from Germany and the U. S. extracted less than 1/100th of an ounce from the upper arm bone of the first fossilized Neanderthal skeleton ever found in the Neander valley of Germany. Maternal DNA from a pulverized piece of the bone estimated to be 100,000 years old was compared with genetic material from hundreds of people around the modern world.

[Editor's Note: Source: "Neanderthal DNA Sequences and the Origin of Modern Humans" by M. Krings, A. Stone, R. W. Schmitz, H. Krainitzki, M. Stoneking and S. Paabo, Cell, Issue 14, Volume 90, No. 1 © 1997 Cell Press, Cambridge, Mass.]

At this point I would strongly recommend that the reader become a member of earthfiles.com (like I did) and actually read the remainder of this article - along with the rest of them.

The only discernment I might proffer [to journalists,] is to keep in mind that there are at least 33 different forms of "grey" "EBN" or E.N.E., that have a direct or indirect effect on us or our planet. There are at least 220 types which make use of the Living Library according to Bill Ryan, but the early "military industrial complex" seems to have not made the differentiations at the time (1940s and 1950s). Emphasis on "seems".

The other interesting item is that there is a forum of hidden texts lines about Linda Moulton Howe and her work with mammal mutilations. At the time that forum was first collected, the Triple Method had not been made available to me and it probably behooves me to finish that pdf collection.

E.B.N or EBEN = Extra-terrestrial Biological Entity. Mainly Zeta Reticulan, not omitting the Altairan 'semetic big nose' nor those Proetus from Alpha Centauri which "float but walk like Donald Duck" ("QUEER UNAGILE STEP " 2 56 1 and "STRANGE ANGULAR STEP" 1 20 3. Also CAENUS UNIFIED FIEND SEDUCE U.N. , CAUSE NERO FACET CLAUSE 3 11 3.) It seems these are somehow related to the Aryan, the fallen ones, reptilian infiltrated Pleiadians from Atlas & Alcyone.

E.N.E. = extra terrestrial Noetic Entity, those with one of three genders and two brains. Chlorophyll blooded. It was one of these "He Rod" as his assistant which NostraDamus named Uuilliem52. It was one of these described himself as "J-Rod52" under interrogation. The suffix description "52" or LII in the Template nearly knocked me off my chair. Not forgetting the other qualifier description as "He Rod", meaning he had a gender. This detail peppers the *Template disguised as HEROD. It also sits in the word HORDE - but "hordes" does not refer to the E.N.E. which are us, that is : those of us who chose to choose the transhuman pathway seen in the Hopi Prophecy Rock.*

One other tiny detail many might have missed.

Dr Dan Burisch tended the problems J-Rod52 Chi'ilah had with his skin with no mention being made of the dangers of actually touching a grey - when referencing this one.

There was an article I read, not certain if it was from earthfiles.com, where an abductee in the Mexico state had been picked up and sexually abused. She was returned with a sexually transmitted disease that was totally untreatable, just one result of *having touched or been touched by*, one of those grays. Especially in that area inhabited underground by the controllers of the western hemisphere. Very likely the Grayles of Phil Schneider - who tried to warn us that the "New World Order and Alien Invasion are one and the same thing".

Keeping in mind the fact that many greys *feed via* their skin. This is called "anointing with axunge" in the Template. Axunge is animal fat. (You can C+F+AXUNGE in the Template)

Thus one of the several reasons for animal mutilations. Other needs are gaining hormones and animal material that forms the "glue" certain off worlders need to maintain a vertical duodenum. They use YINM for bloodless cutting. Yet Chi'ilah (or Che-ilah as in Che-rub) was not feeding using animal fats. Chi'ilah also seemed to have a soul. Recall the complaint of the greys which "overloaded the power system of the planetoid" NostraDamus was using and the real cause of his death? They had complained (according to the Template of the Hidden Texts) that "humans do not deserve a soul". (See the pdf forum *ONE SENT TO DIE, UNIQUE OF ALL DEATHS* where every line in 2 72 refers to it) This detail all on its own tells us directly that it was not one of the "hive minded directive driven" grays that murdered Dr. NostraDamus, and not one of the J-Rod52. It makes sense that it would have been a biological entity of the Aryan-Anakim (under Antarctica) allied with the Altairan and their agenda - who have the most to lose should these texts of both NostraDamus and Da Vinci ever become accepted world-wide knowledge. Is the reader wondering now about the word "anointing" ~ and its source?

Allan Webber had direction to use "et" for the ampersand.

According to J Torben Staehr of Sweden:

If you examine the Crabwood disc carefully you will find that it says:
"Beware the bearers of FALSE gifts & their BROKEN PROMISES. Much PAIN but still time. EELIE1366E. There is GOOD out there. We oPpose DECEPTION. CONduit CLOSING,"

ASCII signs form the letters. ASCII code is a binary code that is normally used in computers to encode letters and other signs. Each sign containing eight binary digits.

"EELIE1366E" cannot be "EELRIJUE" or "BELIEVE", like some people say, since eleven digits are used to form the binary number "1366".

ASCII signs contain only eight digits.

If you look carefully [at the Arecibo disc message] you can, quite easy, see for yourself that there is always a half size digit between two eight digit ASCII signs. And that the only aberration from this is the highlighted sequence with eleven digits.

The other abnormalities, though, could be caused by tampering with the crop circle.

There is no "bell sound" in the end of the message.

I have no idea whatsoever why some people say that.

To check the code there are several online ASCII converters, like this one for instance:

This Sparsholt Hampshire arrived August 15 2002 the same DAY that the famous Winchester did - above left; (Who is copying who?) seemingly in response to the Crabwood binary disc crop square. For all we really know, this Elder circular crop circle may have arrived before the Winchester one.

It certainly has been kept very muted to the public.

Why would that be? What do the two messages say?

See the comment made by J Torben Staehr of Sweden for the above – "The other abnormalities, though, could be caused by tampering with the crop circle.

There is no "bell sound" in the end of the message." (top left image)"

Recall that many people have come to believe that a bell sound is related to Pleiadian inference – or to the sound of a typewriter finishing its line? Why try to lead the public to think that?

Having said that, it is a little bell they ring announcing their arrival.

Linda Moulton-Howe of earthfiles.com has done an article outlining the sequence of crop square events, but **not included is the Sparsholt circular one (directly above). Why is that? Did no one report on Sparsholt? The earthfiles.com reports can be found on :**

Article on the Crop Square:

" Personally, I find the message to be unspecific and unnaturally composed. The capitalisation is all over the place, and I have a gut feeling that the message is multi-layered. One researcher is even suggesting that there is a further message contained in the disk encoded in trinary (search for trinary in www.google.com and you will find plenty of articles), using squares, triangles, and flattened crop. Currently we have only deciphered the basic code, but I feel sure there's more to come." MARTIN NOAKES discussing the square crop circle. continues...

" Apart from the mathematically complex spiral and general layout of the formation (which I will leave to someone else to discuss), it has been designed to be seen on at least two levels.

- 1) Clearly, so that the code on the CD can be accurately read and deciphered.
- 2) Blurred, so that the image becomes the "real" photograph/picture/rendered image that probably originally was! (see images).

On the blurred images (see ttp://www.electricwarrior.com/expose/ewExpose0007.htm for the work that inspired my own efforts here), look at the detail, it is truly astonishing. The image becomes three-dimensional. Look at the fingers holding the CD, look at the chest, the nose. The eyes even have pupils (which, incidentally, archetypal ET's don't, they have dark black eyes with no visible pupil. However, there is speculation that the black part of the eye is in fact a removable covering, to protect against bright light, much like our sunglasses). An Adam's apple is even visible. The disk now becomes a light source illuminating the beings face. Could this be a representation of the Sun? Or maybe it's one of the balls of light often seen in and around crop circles? After blurring, it really appears to be a genuine still photograph/image! At the very least it may be a computer-generated rendered image. The graduation between features is absolutely smooth and the shadowing is perfect.

(Study the shaded area of the face - the crop was hardly touched, and yet the detail is amazing.)

A researcher called Jay Goldner, (who has what promises to be an fascinating book coming out in October called "Messages From Space"), discovered that the formation contains two prime numbers: 59 standing lines and 17 sections from the centre of the CD out to the perimeter. (Prime numbers are unique numbers that are divisible only by 1 or by themselves). Scientists have always argued that this is the kind of thing that a non-human intelligence would use to attract our attention, as we would recognise these numbers to be special."

being almost 30 years prior to J 582 ~ the year pope Gregory published his calculations resulting from the need to change /repair the outdated Julian Kalendes which had crept past the full Easter moon period.

Here is something extremely interesting, spotted last night (January 1 2017) on the Antiques Roadshow, a very old program because Tim Wanacott is one of the experts. <-This is very early in the 1800's (when very late in the 1700s [1795] I spotted a date on an object which still held the "j" as a prefix) and it strikes me that someone was trying to leave a strong clue here. See the "j" and the "J" as the heading? Now look at the full stop after the number one in the date. All pointers contain eight or 16 'spokes'. Set in stone.

September 2008 Bob Dean Interview continues:

KC: OK. But let's kind of move back to the question, because I want to get, sort of, drilled down to this answer.

So they're still at war?

BD: **They still have a difference of opinion about us.** Now, whether [Enlil and...](#)

KC: Enki.

BD: Ea... [Enki...](#) He goes by two names. Whether they still are alive or not... With the genetic geniuses that they have been, that they are, they can genetically manipulate... You know, they ingeniously genetically manipulated their own chromosomes, DNA, till they literally have become practically immortal.

Now, I wouldn't be a bit surprised if Enki and Enlil may still be alive. Maybe they're running around with a cane, like I do, [Kerry laughs] grunting and groaning. You know, they've got the great-great-grandkids doing the running and... I don't know that, and I'm sure that no one else does.

But, apparently the factions are still divided, and the one side wants to use us as they always did. And the other side wants to give us the opportunity to be our own species, to chart our own future, and to call... you know, to determine our own lives. And there apparently has been this difference of opinion going on.

KC: So, when we get back to the national security state, and the state of the U.S. right here and now... I mean, you're an ex-military. I hardly want to call you "ex" because I think you're, in some ways, probably still consulted here and there. You know, **we're about to go to war with Iran...** This was back in 2008!

BD: **No, we're not.**

I have a half-penny in my pocket... I don't believe that we're going to have a nuclear war because I don't think the custodians will allow it. The planet is too valuable. It's too rich a reservoir of life. Not only the humans that are here on this planet, but all the other creatures. This planet is an absolute cornucopia of beautiful, beautiful forms of life. And, not only that, but the... What is it? The fauna and the... what's the other term?

KC: The flora?

BD: The flora! The flora is infinite, almost. No, the planet's too valuable.

Note from The Collator: you can find the entire article (25 pages of it) simply by copying any sentences above and asking your search engine to find them. I suggest those words in purple should do the trick.

B.Ryan: Sure. I mean, I understand this well enough to know not to laugh at a comment like that. That's for sure, so... That, believe it or not, was meant to be a minor question. I have a more major one, something that I thought you might want to talk about. Or, maybe I misunderstood you a little earlier on, I think, in a conversation that Kerry had reported with you. Some serious researchers, [Linda Howe](#), [Jim Marrs](#), quite a lot of other people, are really suspecting that there may a hoaxed alien invasion as a kind of major celestial 911 event in our skies.

BD: You're talking about a **false flag** kind of situation?

BR: False flag, yes. And...

BD: If we were to pull that off... If any of our idiot nitwits back there think that they could pull that off, I think they'd make absolute damn fools of themselves. Because I don't believe it would work. I don't think you can do that when you've got the real power out there that wouldn't allow that to happen!

BR: Not so much an "invasion," but a big display in the sky to create fear and make you believe... to control... like Carol Rosen said that she had always been told by Wernher von Braun many years ago.

BD: Yes, Wernher shared that, apparently, before he died, that he... It was one of the programs that the government at the time was considering. You know, they've had these little plots they've been working on all the time. This war, that war, a stock market crash... this, that, you know... all these little magician things that, that while I'm showing you this hand, I'm picking your pocket with this one.

FROM THE EPISTLE TO HENRI Puis le grand Empire de l'**Antechrist** commencera dans la Atila & Zerses descendre en nombre grand & innumerable; tellement que la venue du Saint Esprit, procedant du 48. degré fera transmigrastion, deschassant B l'abomination de l'**Antechrist**, faisant guerre contre le royal qui sera le grand vicaire de Iesus-Christ, & contre son eglise, & son regne per tempus, & in occasione temporis, & precedera deuant vn eclipse solaire le plus obscur, & le plus tenebreux, qui soit esté depuis creation du monde iusques B la mort & passion de Iesus-Christ, & de la iusques icy, & sera au moys d'Octobre que quelque grande translation sera faite, & telle que l'on cydera la pesanteur de la terre auoir perdu son naturel mouuement, & estre abismee en perpetuelles tenebres, seront precedans au temps vernal, & s'en ensuyuant apres d'extremes changemens, permutations de regnes, par grands tremblemens de terre, avec pullulation de la neufue Babylonne fille miserable augmentee par l'abomination du premier holocauste, & ne tiendra tant seulement septante trois ans, sept moys, puis apres en sortira du tige celle qui auoit demeuré tant long temps sterile, procedant du cinquantesme degre, qui renouellera toute l'Eglise Chrestienne.

Then the great Empire of the Antechrist will begin, where Attila and Xerxes descended, in numbers great and countless: so many that the coming of the Holy Ghost, proceeding from the 48th degree, will change place, chasing the abomination of the Antechrist, making war against the royal who will be the great Vicar of Jesus Christ, and against his Church, and his temporal reign, and in opportune time, and will be preceded by a solar eclipse more obscure, and more dark, than any since creation of the world until the death and passion of Jesus Christ, and from there till here, and will be in the month of October that some great translation will be made, and such that one will think that the Earth field has lost its natural movement, and be plunged into perpetual darkness, will be before spring time, and following thereafter with extreme changes, reversals of kingdoms, by mighty earthquakes, with increase of the new Babylon, ^{Amerika}the miserable daughter, augmented by the abominations of the first Holocaust, and it will hold only seventy three years , seven months, thereafter will it issue forth from the stock which had for so long remained sterile, proceeding from the 50th degree, one who will renew the whole Christian Church.
where Attila and Xerxes descended

Attila "descended" onto Persia/Iran, thence towards Turkey across Mesopotamia/Iraq, THUS the "place where" the Antechrist activity will begin is across the headwaters of Tigris (and Euphrates). The closest latitude for those mountains is 39 degrees N and not 48 degrees which goes into Armenia.

(4 95 4 Victor born on Armenian soil)

Fifty and sixty degrees north was named however, in Canada.

Pointing once more to the "third" species of AnteChrist being that of the Kazar banksters from AskheNazi and brought on by Turkey. Keeping in mind the Kandahar Giants, the Og and of MaGog.

augmented by the abominations of the first Holocaust,

Additional but the same as the first holocaust - FEMA camps, the regime for which will last over 73 years

yes, the Rephaim are the "third peoples of the Antechrist" which Nostradamus wrote FIVE times in his Epistle to Henri II. Then in two quatrains he also spelled it ANTEchrist (BEFORE Christ) Q8 77 line 1 and in Q10 66 line 3.

The ONLY place in the bible it appears is when John spoke of it, spelling it Antchrist. Taken from the Greek. John's book is written in the Greek. Meaning —*against* or "**substituted**". Seems to me John in the bible was a *disinformer* OR trying to tell us something else. **Substituted** is what is happening all the time with our "leaders", and as Leonardo told us in the Last Supper by having the halo-free Jesus shape shift into a lion headed one.

The Question I still have about this android which gave Crowley *The Law of One*, being described by Crowley as "Lam" and as Aiwass – then described in *UNDER OCTOBRE* line 4 of J562 (See more in *FLAT EARTH THEORUM* pg 19)

"Whose advice he ^{Crowley} will not want to agree with. /That was not his parting wish granted. (whose wish – Aiwass - Eihwaz?)

Begging the question: how could a member of the Elohim Alliances make such an error ?

Was Lam a "copy" made by the Copiests? Offering the Law of One/ness to such a person as Aleister Crowley ??

DAY OF DEATH IN ABEYANCE OF BIRTH-DAY, DIVINE SPIRIT TRANSPORTING THE SOUL

We have learned in very early pdf forums that it was "The Hero" "Eihwaz" who "moves the Earth". We have seen that it was a "small eyed" android described by Crowley, that may be the same "small eyed" android on the medallion shown in the *Flat Earth* forum, and finally, my question is raised because it was described by the military thus: "the surviving grey of the 1947 Roswell crash was different to the dead ones, having small eyes and not the wrap around type of eyes the dead ones had". ??

Although - One tiny detail I noticed - the military said it had 'four fingers, not like the others' - (if we can believe them) Was this another of the copiests ?? Yet the one on the medallion with the Casseopean craft has five fingers.

We are also told in these texts that this was: i) a He-Rod (having a gender) ii) from our distant future iii) volunteered to return, to "fix the time lines" being fooled with by the elite (in 7 73 1). It seems to me that Aiwass of Crowley and Eihwaz of the Elohim Alliances were one and the same android, strictly speaking, not an android, but an E.N.E. derived from humans .

This image was found in my old files while looking for something else. It is dated 2002 (or earlier). One can see that the bright object could be a cube. If that very small planet is Earth (it has an atmosphere which looks as if it is "lagging") then The Cube is very large.

If the top left object is Nibiru (with its atmosphere) then the cube IS huge!. Nibiru is supposed to be 14 times the size of Earth and 10 times the density. Comparing the smaller planet with that one on the top left the proportions seem to fit those estimates. Of course, the tiny planet may be way out in space. The really interesting part of this image is the humungous incoming ether "waves" (could be those of Pr. Paul LaViolette). Nibiru is about one third the size of Nemesis, and Nemesis is a tad under half the size of Sol, our sun.

<https://www.easytourchina.com/photo-p7512-pharaoh-stues> **SAYS it is in a theme park**

Schills loudly proclaimed that this appears in a theme park in China. And so it does seem. The grass, trees embankment hardly looks like a garish Theme Park to me, but the hieroglyphs at **foot are another matter indeed.**

Either the theme park people were historians (and REALLY observant ones at that) or this is for real.

See encircled to the left the frequency waves which also appear on the Kariong walls at Bambara near Gosford New South Wales – with a broad band and long slow fetch – the very low Electro Magnetic Frequency (EMF) which we are all about to experience. This frequency range flows along the ground to about a hundred feet up.

Then the middle circled glyph represents the wormhole of time-space travel, often seen as the "barque" represented in form by their sailing boats. And last, but not the least, the encircled glyph to the right is the same "aerial refueller" which appears on a 5th dynasty stele in the Br. Museum titled "Hunting Scene" performing its task which it is doing here too. Also appearing on the plastered over door lintel of 19th dynasty Seti I (a caucasian giant) 'upside-down'.

This is the same aerial refueller of Edgar Cayce. The 5th dynasty is the same period that the causeways were constructed to three of the four pyramids at Giza because the Nile had moved away. These texts say that Snefru (Sneferu) of this period was **Marduk**. This is the same timing which has two cartouche sigils that show on said door lintel **AND on the walls of Kariong**. The Goose Returning/Cygnus; and the Apis-Musca-**Vespa of Wasp constellation** – **where the E.N.E. He Rods have been camped.** ^{Burisch}

The significance of the **"Goose Returning"** meaning Cygnus the Northern Cross "returning" is that it *had "gone away"*. The only way Cygnus could have "gone away" is via a polar shift, a turn of the Earth. These texts say there was a "PERFECT FLIP" in the Age of Gemini (circa almost 7,000 years ago). This period of ca 7,000 years ago did witness many Earth anomalies, such as great volcanic disruption (Crater Lake for instance) non-stop rain in Peru – which is now considered to be the driest place on Earth; apart from the Antarctic which is covered in water in its other format (ice) but does not rain. This is WHY – prior to ca 5,300 B.C. it was the **Bennu Bird** we see in hieroglyphs throughout Egypt, which **suddenly became the Goose Returning/northern cross and no Bennu Bird in sight!**

The reason the Bennu Bird was no longer engraved is because it was no longer in the skies!

It had "gone south" where it is today – as Grus Constellation with its sharp beak in the tail of Pisces.

Yet **Benu/penu means "land in the south"**. So – prior to ca 5,300B.C. when the Bennu Bird (southern bird) was engraved everywhere – **it was because Egypt was in the south!** Great Southern Land.

This is the reason the Giza Plateau was designed on GRUS CONSTELLATION – the Bennu Bird.

REVISION OF ANCIENT ARCHAEOLOGY Conclusions from Newton⁴ the Historian.

P John Crowe. Michael Reade.

Copyright March 15th 2001 Amended 09.08.07

Some important conclusions from Newton's historical studies are: -

- The early Greek and Alexandrian chronologists such as Eratosthenes, Manetho and Berossus are shown to have greatly exaggerated the antiquities of Egypt and Assyria.
 1. The classical dates for the Trojan War are shown by mutually supporting literary and astronomical evidence to be **too early by some 300 years**, yet the conventional chronology still accepts them.
 2. Neither Newton nor any other historian over the previous 2000 years knew of any Greek Dark Age. The genealogies of several lines of rulers during the period from the Trojan War up to the Classical period of ancient Greece show this period is perfectly accounted for. Yet Egyptology has demanded the Victorian invention of the so-called Greek Dark Ages to sustain its Manetho-dependent chronology.
 3. Newton agreed with Josephus that the Biblical Shishak was the Sesostris of Herodotus, & that Herodotus simply got the name wrong. From what is told of **Sesostris**, his frequent campaigns across Asia and his conquest of Nubia, he perfectly fits the mantle of the pharaoh whose name we can read as **Tuthmoses III***

The main sigil for Ninurta is the double headed eagle.

His other sigils are the bull and the mountains. It seems to have been his cult at Saqqara at the Serapeum, where giant sepulchres holding mummified bulls have been found. More recently a ten ton or 100 ton lid was discovered pushed aside, with no mummy to be seen. (At Saqqara)

First we can all see there is no craft, of human origin, in front of these chemtrails. A vague rocket of some description, even then, only in hologram format.

So why the cloaking device?

What type of craft is really spreading this bug spray?

And what was so dangerous about it that it will damage the Living Library so? – for the orbs to appear & endanger themselves in a western hemisphere-run negative races' directed energy field scanned boundary.

This was sent by Jill Larken July 26, 2017, and to my knowledge it has not been placed in a pdf forum yet.

There have been so many warnings within these texts, including the exact date, of Elohim Alliances removing deadly substances from chemical trails, that I have lost count.

Repairing the Calendars will go a long way to the legal prevention of this activity

Take a close look at the date of **I 607.**

What do you see? You see the capital letter **I (Jesus)** followed by a *character space*, then the number which has a full stop emphasizing *no character space*. Thus *dividing* the letter prefix *from the number*.

THIS is what tells us that Chavigny was in the know! That *exempting* Chavigny from his last Will was a real smokescreen set up by the doctor in order to free his assistant from future scrutiny.

Just like Judas – Chavigny is "doing the right thing" according to the *directions* from NostraDamus!

Hinting to the public who See-What-They-Are-Looking-At that all is not quite right with their calendars.

A very dangerous thing for both the printer and the author – snubbing "authority" right in their faces.

If your g_bberment is publishing this knowledge now then you can be assured they have been using this capability for at least thirty years in their own realm, with the technology available to them for decades before that.

The worry is this: what do they have now that supercedes this ability? The murderer robots? Androids of their own, ones that replace clones?

They only ever release "scientific" results when they have some other higher technology

Mark D. Hunziker (friends with Joseph Burkes) also commented on Joseph Burkes's link.

Mark wrote:

"Hello Helen Parks...., I think Dr Burkes and I would agree that if somebody with your ability to approach such "extremes" as ideas being entered here with such diplomacy in your nature, your entries are welcome.

It seems only years of exploration will get one to a clear bottom line about all of this.

The question becomes who might guess they've got a handle on the actual bottom line - and, that is merely one more trap of ego in an ongoing realm where learning continues for all until otherwise shown. I don't pretend to know much of anything after many decades of seeking and finding, seeking and finding. In the end, what can I lay claim to know other than that which seems truly relevant to our Humanity's outcomes?

Therefore, I enter the threads with ideas and questions perhaps yet unexplored.

Yet, that bores the crap out of people.

Yet, if truths can be laced in STORY...., and the story is riveting enough to be one that gets told around the campfires. it is possible to transmit the ideas.

I have been failing at it because I have dropped the veil of STORY merely to share what I've construed as the larger picture.

I feel I've penetrated the Wizard's lair behind the curtains and seen behind the illusion where one finds at least one more perspective regarding what controls so many things in this reality.

That is a lifetime of work.

I would rather not be out here, as if to be at the edges of my herd on the precipice or cliff shouting back to my kind, "we can avoid a stampede!".

However, especially Americans, are blinded to our own extremes like parallax warped paradigms of patriotism and schisms in our views of SELF. Of course, my ideas are all rendered through filters made up of my own journeys through this incarnation.

It might be that I might be so warped myself to be of any use for the collective with whatever I might feel to be valuable about what each human entity owns metaphysically and Universally.

I can see how I might bore men who's attention spans are fixed and/or entertained so much by "ACTION" movies rather than love stories.

Our realm has not only programmed us but also equipped is with all the riggers of daily competitions, up to and including those leading to death and destruction.

It seems we've failed to come out of that Fog of War (good documentary by the way) in order to seek, act and become the step higher on the ladder which would be that of cooperation with each other. But then, what of any score keeping or winning?

How can a species count win/win when there are not points to be scratched on assorted surfaces or electronic counter boards?

Where is any excitement in that?

Helen, I'm going to guess you would like the lecture by Mark Passio on YouTube where he models being abandoned by ET intelligences visiting Earth back when we became a hybrid race at their hands. Apparently we defaulted to seeing them as Gods and perhaps even encouraged to do so.

My guess is likely so.

SSP

This person (next page) has said almost all that explains much
The only detail she does not seem aware of is that QEII is "owned" by the Vatican, or that it is prince William now in charge of SERCO (which owns the particle colliders and ObamaCare).

Jocelyne Halbert "The various independent teams of old-timer intells feeding Mr Trump what has been going on since 1945 - much of which seems he was aware of and he's listening - including ex crypto/decrypto experts, hi-tech engineers and law historians, have been publishing their digs at such a rate that even Sc-Fi films are eating dust!

You're still really a British colony, your Deep State is SES (Senior Executive Service), you have a bunch of 500 SES lawyers in occult power and [in] charge of all the various administrative & corporative entities' imputations of costs, salaries, etc. As they wish, under no control whatever.... They also orient what outcomings are to be reserved for all affairs, investigations - sealed up in advance. Like the present Spygate with DOJ IG greatly purged report. Or why whistleblowers are always chop-blocked.

The SSP appears to be in the direct line of what the German Nazis had started off in Europe and continued in the US, thanks to the PaperClip trail. Lockheed Martin and all the big corporations lead you to SERCO (that owns them), QEII (owns SERCO), her Privy Council, her Golden Share (finger in all pies), MI6 and the vatican (of course). In other words, your 'boss' was always the German European bloodline sitting on an English throne...

These selected facts should indicate why certain decisions have been taken and why Mr Trump is cutting off the many E.U. 'oxygen tubes' planted direct into your tax collector's piggy banks, during past century/ies.

Info goes deep, deep. Most probably too shocking for the average to mentally deal or sort out. Cheers to all."

"Planetary Corporations and the Secret Space Programs

The technology the SSP programs have gotten from ET's [in exchange for human cyborg slaves] is beyond the belief structure of Earth based humans.

This is just the tip of the iceberg:

- Time travel through man-made time dilation portals and clock works devices or through naturally opening energetic portals that open on planets these are activated with SSP Asset psychic abilities
- Soul transference between bodies, with soul trap technologies operated by electromagnetic stasis fields
- Regeneration that can bring you back from the dead, regeneration tanks with different green and blue goos, holographic medical pods, and portable meditech units
- Personal cloaking devices, smart suits with electromagnetic fields to shield again energy weapons and projectile bullets
- Devices that allow SSP Assets to alter their DNA and genetic body structures on the molecular level to temporarily transform into other ET's and have their genetic stalk in your body's system. This can be achieved with drug serums or shape shifting devices.
- Personal portal tech like star gate platforms or naturally opening teleportation portals that are opened with psychic abilities
- Directed Energy Weapons that cause internal bleeding or cancer these weapons have invisible laser frequency fields
- Warp drives and crystalline based engines or plasma cores to travel beyond the speed of light or for inter-dimensional travel
- Access to the wormhole system of the galaxy or the cosmic web of space teleportation energy transfer hubs
- Replicators for food or any other 3D material you want
- Zero Point energy and clean energy that can remove pollution, and terraform planets or moon systems

NOTE: The tech in Star Trek is even behind what is available to the more advanced groups like the Planetary Corporations and Nacht Waffen.

You will recall from Part One of this Topic, the pdf forum *ANDROGYNE, DOREAN and SMARTSUIT* published May 1 '18: the reason I immediately accepted the testimony of Ileana? There were three reasons.

- 1) Ileana was trying to explain to the public the dangers of believing Corey Goode, which these texts also did.
- 2) Ileana used the name DOREAN.
- 3) Ileana mentioned in passing the gore kills on board when the Dorean had boarded the arrested cigar ship.

NOWHERE else have I heard ANYONE use that word - under ANY context at all. Albeit, the word appears in the Template for the Hidden Texts as DORLEAN - that was because Allan Webber did not know what it was either. The ONLY people who might know are those with the Triple Method in their head. Not many of those around ! Knowing immediately who and where from, provided from *within the word DORLEAN - DOREAN* from L = Tau Ceti. There is a need to add that for PART ONE of this forum Topic published May 1st 2018, it was commenced about six weeks before that - around the middle of March 2018 (I start collecting information ready to collate, in this manner). You will note that I had *therefore* BEGUN THE SECRET SPACE PROGRAM TOPIC THREE MONTHS BEFORE TRUMP had made any public announcements. By doing so he opened the door for the public questioning of full disclosure. The final detail to be named is that all throughout these hidden texts right from the very beginning, whenever the cigar-cylinder-zeppelin craft and their owners became subject to scrutiny, I have *always added* "except that the Tau Cetians use a cigar shaped craft too" For purposes of discernment that the observer not presume only the negatives would use this type of craft. Never dreaming that that craft used by Tau Cetians, had been absconded & taken over !

Trump Exposes Existence of FEMA Camps Through the Immigration Crisis

For those of you who have been reading as 'entertainment' but not believing in the warnings from The Hidden Texts of NostraDamus, (and Da Vinci's Script of "Riddles") that:

- a) there has been more than one Off World "treaty" (Plan 9)
- b) that these "treaties" were commenced as far back as Teddy Roosevelt, yet arranged long in advance, prior to 676 A.D.
When time travel is involved there are NO boundaries
- c) that these treaties have always included "trade for men"
- d) that which now incorporates the herding of people into designated areas to facilitate abduction & blood drama
- e) that manipulating weather and seismic events does this mustering very nicely. Most victims run towards "FEMA" believing that their beloved government is "caring" for them
- f) that all governments have been involved - the evidence being the building of over 600 "camps" world wide across decades.

It is possible by now, to see the wisdom of Those who provided the works to NostraDamus to write up; so that for centuries in his future a Professor of Mathematics would set out to disprove anagrams have any meaning, only in his efforts to prove they do.

The wisdom to divide the work, between two different types of people:

One the mathematician and the other with the opposite type of brain, having been a professional copy-holder- proof-reader. Albeit, one with a mildly autistic O.C.D. collating brain.

Still, the collator does not take at first glance that any single "thing" is what it says it is. Not until watching the 1990s videos from Alex Collier (named in the texts) and hearing him speak of "The Ayse", then on reading Anton Parc's 1981 French works which also mention "Ayse", and puzzling over the four "A"s on the Cross of Hendaye did I connect the AS in the Quatrains being the same Ayse/Aise:

Anton Parks' [Le Secret des Etoiles Sombres](#) & [PREFACE to Adam Genisiš](#)

Anton Parks Describes his Experiences

(See http://www.karmapolis.be/pipeline/anton_parks.htm [K1])

Parks' experiences began at the age of 14, in 1981, with a series of "flashes" that would occur at any hour of the day, and completely beyond his control. These eventually evolved into "visions" that took place from once to three times each day.

Before reading his books, one needs to know what they are. The best way to begin to understand is through Parks' own description of how he acquired his information. For this we turn to a penetrating interview of Parks conducted by Alain Gossens of [Karmapolis.be](#) [K1].

"...and then the rabbis fabricated the story of Yahve-Elohim making Ish fall into a torpor at which time Ishsha was fashioned from his side etc.

Anton Parks' series, *Les Chroniques du Girkù*, promises to reveal practically everything on the authentic genesis of humanity and our origins. Today we have only sparse traces of this history. The most significant are those graven on the Mesopotamian tablets and some of them have been stolen from Iraq and are now circulating on a profitable black market.

These clay tablets trace the history of a group of immigrants named [Anunna\(ki\)](#) who descended here many millennia ago to exploit the multiple riches of our planet. The individual known as [Sa'am](#), whose life became known to Anton Parks through years of total-immersion memory flashback experiences, lived among these felons during his entire history.

Parks states that **the history of humanity has been skilfully deformed**

The Anunna were proposed as a race of warriors to defend the Amašutum against an unseen and amorphous enemy who in fact did not exist. (This dynamic, which we have seen in our time, clearly has ancient roots.) *

This is of key importance because the religions permitted the usurpers of the planet to divide the

people and **create bloody conflicts**. Today, the religions are too often the direct cause of conflicts and wars. Thanks to religions and **their deliberately deceptive disparities** (since in principle all religions possess the same precepts!) **the different beliefs permit killing one's fellow**

man in the name of God! In the course of the most sinister centuries and millennia in the history of this planet, religions have caused the death of millions of individuals.

Today religious conflicts make it possible to "administer" the size of the Earth's population and to make huge profits from manufacturing more and more murderous arms.

[Credo Mutwa](#)... names the reptilians who direct this world "the Chitauli," meaning "dictators" in Zulu. ... this term can be translated into Sumerian....

[See [Decoder](#) for Chitauli" and "Gina'abul / lizard(s)".]

Humanity possesses a prodigious destiny. The aim of humanity is not to reproduce the errors of the reptilians who intended to genetically diminish them, who posed as their creators! To continue with the discussion of cloning and creating, next see [To Be a Clone](#).

We have not finished discussing the characteristics of the modern human and the circumstances under which they were imparted! This is taken up in the second book, *Ádam Genisiš*

http://www.bibliotecapleyades.net/vida_alien/secret_darkstars/secret_darkstars.htm%23Contents

He [Anton] found striking similarities on concepts having to do with **cloning, well detailed on the tablets**, which have also been discussed by modern authors [Zecharia Sitchin](#), [R. Boulay](#), and [David Icke](#).
 Most important was information relating to the central personage known in Parks' first volume as **Sa'am**, who **took other names while on the Earth** - though no more was spoken of this in the interview. Many of the personages introduced in *Le Secret* came to Earth and persisted into the Sumerian, Egyptian, and "Biblical" epochs **under various names.**
 All of these are discussed in *Adam Genesis*.

Note: Anton Parks' design of [the real] Sa'am's profile has been published in the 3rd edition of *Le Secret*; thumbnail on this website under [Personages](#).

*EnLil/YHWH/QuetzalCoatl as "lord of the airways and chief pilot" is the warrior-king. Lord of false soldiers who have no real enemy. Anton Parcs says EnLil called these soldiers (which had no sexuality) the SAAM.
 Seems to me this was a slur directed at E'a, the famed geneticist.

A good example of the "deforming of history" is that E'a-E'Ya-EnKi considered *himself* as SAAM – and Marduk appropriated that as a title then had Wes Penre use/publish it as a title, in just the same way Marduk purloined the title "Ra". In the same way "YHWH" told the world in the many times edited bibles that it was he who gave the Ten Commandments to Moses when all along the base number for YHWH/EnLil is 12 ; via 60.

EnKi-Yah (E'Yah) uses the base number of TEN just as the Elohim Alliances do. TEN human types and ten non human types. One of these groupings is the Yod (YÖD).

Anton Parcs/Parks was writing that Akhenaton :-
 "without doubt one of the last Egyptian Kings possessing the blood of the 'gods'",
 long before the DNA evidence from the mummy of Akhenaton proved exactly that.

At this point, we can now understand why Nostradamus was in 1 40 3 :
